# "SILENCE"

## Our Stroller Stuff 2016 Collection

Take a walk with us through the silent paths of a nordic forest, where thin light trickles to the ground through overhanging ferns and brings everything to life. We listen to nothing but hear everything.

Elodie Details Fall 2016 Collection is a tribute to the nature we have so close to our hearts. Wild and untouched forests of pine and fir-trees, rich with lakes and wild flowers. To be released in early August, it features a colour scheme derived from moss, leather hides, pink chickweed and those mysterious blue roses. The name given to this collection is "**Silence**". Another tribute to the quiet and peaceful place we all share. We hope you will love it as much as we do, but please, *no shouting!*
